JULY 3RD, 2021
8:00 AM TO 12:00 PM

FACE MASKS & SOCIAL DISTANCING SUGGESTED

WHO AND PRIZES Open to Canadian Lakes member's children, grandchildren and house guests, ages 2 to 16. Prizes will be awarded in each of 4 age groups: trophy and prize for largest fish, prize for second largest and 4 or more additional prizes by drawing. Each entrant will receive a bag with great gifts and a bag for their fish when registering on the morning of the event, or the afternoon before.

WHEN AND WHERE Anglers are to provide their own tackle and bait and may fish in any of the Canadian Lakes waters, from shore, dock or in a boat. All anglers or their parent/guardian must check in at the registration/weighing site at the Main Pavilion west of the CLPOC main office between 7:30 and 9:00 AM, Saturday or 5:00 to 7:00pm on Friday, July 2, where they will be given a bag for the fish, gifts and instructions. All fish must be caught between 8:00am and 10:30am Saturday, (honor system). Adults may assist the youth only by baiting the hook, casting it out and unhooking the fish. All fish entered must be caught and lifted out of the water with a rod in the hand of the youth. Participants are to bring in only their largest Bluegill, Pumpkinseed or Sunfish, between 10:30am and 11:00am deadline Saturday. Award presentation will be at 11:30am. Crappie, Rock Bass and Perch are not eligible for the contest. All Bass, Pike 24" and over, and all Muskies must be released live.

In response to COVID concerns, we will not be having food or a raffle this year, but a donation jar will be available for those who are so inclined, to help defray expenses. Bottled water and snack bags will be provided for participants and onlookers. Please bring your own chairs and other refreshments if desired.

REGISTRATION There is no advanced entry form, but registration is required the morning of the event or the afternoon before. A parent or guardian must accompany all children. There is no charge, and anglers 16 years and under do not need a fishing license.

QUESTIONS If you don't know how or where to fish for Bluegill, or any other questions, please contact any Fishing Club member or

Dale Doepker: 972-8663 or
George Groll: 517-351-2612

GOOD LUCK
